Acoustical Imager

Da-Lite Screen Company is pleased to announce the introduction of the Acoustical Imager to its fixed frame screen line. The Acoustical Imager is a revolutionary projection screen that marries a fixed frame screen with 5.1 Surround Sound. Audio is provided by the JBL Surround Sound speaker system. Choose between Video (4:3) or HDTV (16:9) on eight projection surfaces, or let Da-Lite craft a custom screen to the particulars of your home theater. Game time and show time will never feel quite the same without the Acoustical Imager.

Acoustical Imager

FIXED FRAME SCREEN

- Fabric snaps to the back of the frame.
- Frame dimensions: 5-1/4" wide x 3" deep.
- Available with front or rear projection surfaces: Da-Mat™, High Contrast Da-Mat™, Da-Tex (Rear), Pearlescent, Cinema Vision, High Contrast Cinema Vision, High Power and Dual Vision.
- Standard with black Pro-Trim, a fabric frame covering that absorbs light surrounding the viewing area and aesthetically enhances the appearance of the frame.

All surfaces will be seamless.

Left, center and right channel speakers integrated into frame.

Standard JBL 5.1 Surround Sound System, upgradeable to 6.1 or 7.1.

Wall or table-mount satellite speakers.
